The circuit court for the 13th Judicial

district of the Commonwealth of Ken-

tucky and county of Garrard, is now

open for business. God save the Com-

monwealth and this honorable court."

The Grand Jury returned an indict-

ment Wednesday against Whitaker,

for murder, and his trial is set for

Wednesday of next week. Whitaker

is the man who cut his step-father,

John Grady, to death near the Rock-

castle line about two weeks ago.

Mike Turner was summoned as a

witness in a case Wednesday and fail-

ing to appear an order of arrest was

issued. He was under the influence of

liquor when brought into the court-

room and Judge Sauley imposed a

fine of \$30 and twenty-four hours in

jail. The judge will tolerate no fool-

ishness.

#### Shooting.

Friday night John Kersey shot an-

other negro named Henry Beazley at

the former's home in Duncantown.

Kersey was drunk and Beazley, to-

gether with several other neighbors,

were trying to get him into the house.

Kersey, in his frenzy, went in the

house and brought out an old army

musket. His friends, Beazley among

the number, continued pleading with

Kersey to go in the house and quit

raising a disturbance. Without a word

of warning Kersey turned and fired at

Beazley. Judging from the enormous

hole torn in his breast, the gun must

have been loaded with slugs. The

charge entered Beazley's right breast,

cutting a finger of the right hand

which was thrown up as the gun was

leveled, and passed into his lung.

Beazley is still alive but physicians say

there is no chance of recovery.

Kersey fled, but gave himself up

Saturday morning, when he was lodg-

ed in jail without bail. The men had

always been friends, and Beazley was

only doing what he thought to be his

duty in taking care of a drunken

neighbor. Kersey is a peaceable na-

gro when sober, but a terror when

drinking. There was not a harder

working, or more honest darkey in

town than Henry Beazley, and he was

never in any trouble. He went along

in a peaceable, quiet way, and attend-

ed faithfully to any work given him.

Duncantown is on the opposite side

of town from Battle Row and is an en-

tirely different settlement. The col-

ored people living there are honest

and upright, and a disturbance of any

kind seldom occurs there.

### DR. W. S. O'NEAL

Dies at His Home in This City after a  
Brief Illness.

After about one week's illness and intense suffering, Dr. W. S. O'Neal died at his residence, on Lexington street, Tuesday afternoon at 4:30 o'clock. He had been subject to attacks of asthma all his life, and at times the suffering was great, but the last spell was decidedly the most severe he ever had. He was on the streets Friday evening attending to some important business and became overheated. He went home and suffered greatly thro' the night. Saturday he was able to go to his office, some fifty yards from the house, but that night was taken much worse and the disease went into bronchial pneumonia. Those who attended him say they never witnessed such agony as he suffered. He grew rapidly worse and was delirious at times until the end came.

Dr. O'Neal was born at Verona, Boone county, Ky., sixty-two years ago. He graduated from the Ohio Medical College in 1861. In 1885 he located in Lancaster where he has since practiced his profession successfully. He was an unusually attentive physician to his patients and never gave up a case while there was the least ray of hope of saving life. He was one of the most sympathetic and kind-hearted men it has ever been our pleasure to know and we can say, from personal experience, that he put his whole soul into his work when waiting on the sick. Several years ago he remained with the writer of this article one entire night while we were down with typhoid fever, and although unable to find a pulse on our body for eight hours, he never gave up, and worked with untiring energy until he succeeded in bringing us out. We merely mention this fact as a specimen of his zeal and pluck as a physician.

He was a Baptist and a leading figure in the management of the local church. He gave close attention to his own affairs, and it can be said of Dr. O'Neal that he never dabbled in other people's business. He was a Mason, but not affiliated with the local lodge.

He leaves a widow and one daughter, Mrs. F. L. Hubble. He has four brothers and one sister. They are Mr. Dr. D. M. Hagby, Walton, Ky., Col. Weeden O'Neal, Covington, George, New Richmond, O., Benjamin and John, Verona, Ky.

Funeral services were held at the Baptist church Wednesday afternoon, conducted by the pastor, Rev. T. H. Campbell, assisted by Elder George Gowen, after which the remains were interred in the Lancaster Cemetery.

## FOR CONGRESS.

In obedience to the requests of Democrats in every part of the Eighth Congressional District, and in accordance with my desire to be of service to the Democratic party and the country, in critical and important times, I announce myself a candidate for Congress, subject to the action of the Democratic party.

As a loyal Democrat, I have always supported the nominees and platforms of the Democratic party and I now support the platform adopted by the last National Democratic Convention, held at Chicago.

I am sincerely grateful for the cordial support given me by the Democrats of the Eighth Congressional District in the past, and I have tried to show my appreciation of their confidence and kindness by successful efforts, to be a faithful and efficient Representative.

If honored by the nomination, I believe, I can with the aid of my brother Democrats, redeem the district, and in the future as in the past, my best efforts shall be given to the faithful discharge of all duties required of me.

JAMES B. MCCREARY,  
March 15, 1898. Richmond, Ky.

ARMY and Navy men have for many years been clamoring for the coast and Navy improvements now being hurriedly made. Those posted on such matters have gone before congressional committees for the last twenty years, and with tears in their eyes, predicted that Uncle Sam would be caught with his breeches down, but the national houses, being composed chiefly of burr-tailed woodchucks, paid no heed, and now that trouble is at hand, every improvement for defense has to be made in the twinkling of an eye and thrown together in any way to get it done. Nearly every man to congress puts in his undivided time working for re-election. A law should be passed making them ineligible, and then probably the interests of the country, instead of those of the member, would be looked after.

Col. S. M. BURDET, correspondent of the Chicago Chronicle, thus sizes up the situation:

The best opinion here all trends in one direction, which is that war is impending. Even if this Government should be satisfied with an indemnity Spain will decline to pay it. President McKinley will not consent to arbitrate the question of Spanish responsibility if the decision of our naval report is definite and unanimous. The Board of Inquiry report will probably go to Congress in about one week, accompanied by a special message from Mr. McKinley. A demand upon Spain for indemnity or a declaration of war against that Government will be made within a few hours after all the facts are laid before Congress.

We haven't much faith in the fighting abilities of the men-of-war. While they cost millions of dollars and much study is given them, yet what they can do has only been figured out on paper. If one small sub-marine mine can, in twinkling of an eye, wreck one of the fleet ships afloat, what other and more powerful apparatus could do would soon put to the bottom of the sea every war vessel in both navies. We are of the opinion that the navies of both the United States and Spain amount to not much more than so many washing tubs, that both will be destroyed in a few weeks' fighting, and the old, reliable rifle will have to be called into service to whip the Dons, if our men can only get at them.

The old saw, "A good beginning has a bad ending," proved true with the recent session of the legislature. The body started out by proposing some excellent and badly needed legislation, but soon became demoralized and the latter part of the session was spent in passing extreme political measures, fist fights, personal quarrels, and time killing. It seems impossible for a session of the Kentucky legislature to meet, and attend only to business which is of any value to the Commonwealth. The past few sessions have been perfect burlesques.

The Madisonville fluster gives good advice in the following: "Whether or not there will be war, we are not at present able to say. But we would suggest that the farmers go ahead and plant their crops, that the merchants keep trying to sell goods and that other business be conducted as in the past, or at least until the guns begin to fire. There is one thing certain, no one can make a living by sitting around talking about what the United States is going to do for Spain when she gets a chance."

PUBLISHERS of newspapers receive all kinds of offers in payment for advertising space. A recent letter to THE RECORD offers to "cure any friend from the disease of stuttering." Our printers decline to accept this as pay for their work, so the offer has to be declined. But if any inventor will guarantee to cure some of our acquaintances from lying, we will give him in return the entire front page for a year.

UNCLE SAM should take considerable salt with these intimations of help sent by foreign countries. The same rules among individuals will and do apply to nations and if this country gets into trouble she will have to hoe her own row single-handed and alone. "A friend in need" is a scarce article these days.

With all the pistol-pulling, bristling up, and stormy words in the recent legislature, nothing was killed save lots of valuable time.

## STATE NEWS HAPPENINGS.

### A CONFLAGRATION

Narrowly Averted at Lebanon, Ky.—Loss Near \$40,000.

LEBANON, Ky., March 12.—One of the most disastrous fires that has visited Lebanon in years broke out at 11:20 o'clock Friday night in the Lebanon Steam Laundry, and defied the efforts of the fire department for more than an hour, notwithstanding there were four streams of water playing upon it. The region of the fire is in the heart of the town, and includes the Lebanon Steam Laundry, Creel, Stallard & Robey's furniture and undertaker house, J. & W. S. Edmunds' dry goods store, Davis' grocery and Endland's blacksmith shop. The loss will be between \$30,000 and \$40,000. No estimate on the insurance can be given at present. The strong fire-proof walls of the People's Roller mills on the one side and the opera house on the other saved the square. The fight against the fire was a hard one, and great excitement prevailed. The fire was under control at 1:10 Saturday morning.

### FRANKFORT PENITENTIARY

Guarded By Armed Men That the Newly Elected Officials May Not Get Control.

FRANKFORT, Ky., March 12.—It is a fact given out Friday night by some of the penitentiary officials themselves that the entrance to the Frankfort prison is guarded day and night now by men armed with Winchester to prevent the new democratic commissioners from having a chance to take actual possession of the prison. They believe that possession is nine points of the law, and do not propose to surrender peacefully to the new regime. Warden Hancock, who has been sick at his residence just one square from the prison entrance, was taken to the prison hospital Thursday, and will remain there and direct the management of the prison from the inside, where he can not be reached for the purpose of serving notice or process on him to give up the prison. The new commissioners have no idea of using any force to secure possession of their rights, but the prison officials think so, and are preparing to meet force with force.

### MONTICELLO, KY.

Almost Destroyed by an Early Morning Fire—But Four Buildings Now Remain.

MONTICELLO, Ky., March 12.—This town, the county seat of Wayne county, was almost destroyed by an early morning fire, the court house, jail, two hotels, half a dozen storerooms and a number of dwellings being destroyed before the flames could be checked. But four buildings now remain of the once thriving little village. The fire originated in an empty storehouse about 4 o'clock Friday morning and raged until 10 o'clock. The loss can not be accurately estimated, but it will amount to over \$75,000.

### A Preacher Talks War.

LOUISVILLE, Ky., March 14.—Rev. E. L. Powell, of the First Christian church of this city, said in his sermon Sunday night that Christians should go to war. He said: "Legitimate war is an act of the state and not of the individual. Every Christian must be obedient to the laws of the state. Force is permissible for punishing evil and redressing wrong. The lessons taught by the lives of Christ and Paul are that war on the part of Christians is just and right."

### Geo. L. Willis' Appointment.

FRANKFORT, Ky., March 14.—The governor sent to the senate Saturday the nomination of George L. Willis, of Franklin county, to be a member of the state board of equalization, vice R. C. McMichael, deceased. The appointment was confirmed without objection. Rev. "Aunt" Hatfield, of Pike spoke in behalf of his fox, wolf and wild-cat bill. The bill was given its second reading at once and referred to the committee on religion and morals.

### W. J. McNamara Kills John Keller.

LEXINGTON, Ky., March 15.—W. J. McNamara Monday night shot and killed John Keller. McNamara is a magistrate, and has been for years prominent in democratic politics. There was no witness to the tragedy. McNamara immediately surrendered himself to the authorities. He says that Keller attacked him with a knife. Keller was unmarried and worked as a gardener for Bernard Fotsch.

### Stock and Crops in Kentucky.

FRANKFORT, Ky., March 15.—In his monthly report Lucas Moore, commissioner of agriculture, states that wheat has been damaged somewhat. The percent of old crop in the hands of farmers is 19. The price is 91 cents. Forty-four percent of the old corn is still in the hands of farmers. Live stock is in good condition. There is little hog cholera.

### Killed By an Emery Stone.

PADUCAH, Ky., March 15.—Henry Ware, son of J. P. Ware, a prominent citizen, met a terrible death at Beck & Baugh's sawmill, ten miles from this city. Monday, near Woodville. He was engaged in gunning a snake, when an emery stone broke and the piece struck him over the head. The victim lived three minutes.

### Rewards Offered.

MT. STERLING, Ky., March 14.—Every effort is being made to apprehend the parties who blew up the Owensville pike. The turnpike company has offered a reward of \$500, and Saturday the county added \$200 more and the state \$300 to this.

### President Ingalls' Courtesy.

LOUISVILLE, Ky., March 15.—President Ingalls, of the Chesapeake & Ohio railroad, has invited the members of the board of trade to go on a special train to the launching of the battleship Kentucky at Newport News on March 24.

### Want the Interest Paid.

LOUISVILLE, Ky., March 11.—Objections are being made to the plan to pass interest on \$3,500,000 worth of Louisville city railway common stock due April 1. The plan to pass the interest is recommended by General Manager J. T. Minary, on account of franchise tax snits now pending against the company.

### Will Coach Center College Team.

LOUISVILLE, Ky., March 14.—Pitcher Bert Cunningham will leave Monday for Richmond, Ky., where he will coach the Center college team. He will be there two weeks.

### QUARANTINE LIFTED.

Judge Wyatt Says the County Will Not Pay for Guards, and They Are Withdrawn.

BARNESVILLE, Ky., March 14.—Dr. I. T. Catron, who was dispatched to East Jellico coal mines by the board of health of this county, came in Sunday evening in response to a letter from the secretary, Dr. R. F. Herndon, stating that County Judge Wyatt had declared that the quarantine guards would not be paid by the county. Dr. Catron also brought with him his guards sent there from this city. Dr. Catron says the proprietors of the coal works were very sorry to see him leave, and offered every inducement possible to have him stay.

The people of this city are greatly excited over the return of the doctor and his guards to this city, as they all have been exposed to the snailpox. Dr. Catron and Dr. C. G. Herndon, members of the board, have tendered their resignations to the secretary, Dr. R. F. Herndon.

Dr. Catron reports that a genuine case of snailpox exists at East Jellico, and thinks the disease will reach this city within the next few days, as all members of the health board refuse to enforce the quarantine because of Judge Wyatt's statement that the guards will not be paid by the county.

The guards who were on duty at East Jellico mines were refused admission to their homes by their parents.

### TWO MORE VETOS.

Gov. Bradley Disapproves the Gerrymander Bill—Post Mortem Salary Denied Judge Bennett's Heirs—Both Bills Passed Over the Veto.

FRANKFORT, Ky., March 15.—The governor Monday sent to the senate two more vetoes, and has another ready for Tuesday.

The first disapproves of the resolution appropriating \$1,300 to the widow of ex-Chief Justice Caswell Bennett, the amount of the salary of his office from the time of his death till his successor qualified.

The second veto message disapproved the gerrymander bill taking Whiteley county out of the Third appellate court district to make it democratic at next fall's election. The governor holds that the legislature, having completely reapportioned the state into appellate court districts in 1894, it, under the constitution, can not do so again till the expiration of ten years, and if it has no right to redistrict the whole, it has none to change only a part.

The senate passed the vetoed bill gerrymandering the Third and Fifth appellate court districts.

The senate also passed over the governor's veto a resolution appropriating \$1,300 to the widow of ex-Chief Justice Bennett, and the house is expected to do the same.

### WILL ATTACK PRISON ACT.

Lawyers Engaged to Fight the Proposed Measure in the Courts.

FRANKFORT, Ky., March 11.—The republican state officials have retained ex-Chief Justice W. S. Pryor and Judge W. S. Holt to fight the Bronston prison bill in the courts. The commissioners elected at Wednesday night's democratic caucus Thursday drew for terms. Fennell drew the long term, Richardson the middle and George the short term. They will demand possession immediately and will be met with injunction proceedings on the part of the present officials, which will not be settled for months. Representative Geo. H. Bishop, of Newport, is tipped for deputy warder of the Frankfort penitentiary in the event the prison "grab" is declared constitutional. Representative Petty, of Grant, will be chaplain, and several other legislators are thought to be in line for jobs. Trimble, of Frankfort, claims a cinch on the wardenship of the Frankfort penitentiary.

### Claims It Is Blackmail.

LOUISVILLE, Ky., March 11.—Jas. E. Barnhill, a dealer at the Bourbon stock yards, was arrested Thursday night on a charge of betraying the confessions of Miss Sylvia Meyers, of Lima, O. The woman alleges that Barnhill is the father of her two-year-old child. An effort was made by Barnhill to settle the matter out of court, but the woman would not listen to this unless he would marry her. The accused says it is a case of blackmail. He was released on bond.

### Senator Lindsay's Home Burglarized.

FRANKFORT, Ky., March 14.—Burglars entered the residence of Senator Lindsay, on Vantage street, Saturday night and ransacked the house. It is not believed that anything of value was taken, as they were frightened away by a servant. The adjoining residences of Postmaster S. R. Holmes and Mrs. Orlando Brown were also visited by thieves.

### Epworth League Meeting.

MAYFIELD, Ky., March 15.—The Epworth league and Sunday-school convention of the Methodist church met here Monday for a two days' session. A large number of delegates and visitors will likely be in attendance. The opening sermon will be preached Monday night by Rev. H. B. Johnson, of Paducah.

### Louisville Tobacco Market.

LOUISVILLE, Ky., March 12.—The market was strong for Friday. The offerings were common as is the rule on this day. The breaks were generally of a low grade. Manufacturing types were scarce. Medium and good red leaf showed the greatest strength while bright tobaccos were strong.

### Gerrymander Bill Passed Over the Veto.

FRANKFORT, Ky., March 14.—In the senate Saturday the governor's veto of the Third and Eleventh congressional district gerrymander bill was debated. The bill was passed over the veto by a party vote of 23 to 10.

### Contract for New Courthouse Let.

LEXINGTON, Ky., March 12.—The contract for building Fayette county new courthouse was awarded Friday afternoon to Messrs. Clark and Howard, of Lexington. They agree to put up the house in 12 months and are to receive therefor \$134,100. Contracts for elevator and electric light plant are to be let separately.

## MARKSBURY.

Mrs. Wm. Bradshaw is quite sick, but is better at this writing. Little Etzel Hurlett has been quite sick for several days. T. I. Herring sold to J. A. Woods 50 sheep at \$5 per head and threw in the lambs.

Farmers take notice. Don't give any order for wire fence or fencing machines until you see L. R. Hughes, who handles the best on the market. Call on or address L. R. Hughes, Marksburg, Garrard County Ky., or leave orders with J. R. Haselden Lancaster, Kentucky.

Mrs. Tilitha Hughes died March 9, at the advanced age of 83 years, at the old homestead where she has resided all her life. The deceased was the daughter of Daniel and Mary O'Bannon, and grand-daughter of Judge Thompson. She is the last of a very prominent family. She leaves three sons and three daughters to mourn her loss. She united with Pleasant Grove church early in life, was a woman of most beautiful Christian character, accepting with thankful heart the sunshine, and bearing patiently the burdens of a long and useful life. Her door was always open to all the orphaned, widowed and the friendless. It may be truly said of her, that she always thought of others before herself, and was ready when the summons came. She was laid to rest by the side of her husband in the cemetery at the Fork, after funeral services by Rev. W. M. Kuykendall.

Dear one, thou art gone to rest; We will not weep for thee; For thou art now where oft on earth Thy spirit longed to be; Thou art gone to rest; And this shall be our prayer, That, when we reach our journey's end We all shall meet thee there.

## LEAF.

The deputy sheriff came up a few evenings ago and arrested three of our colored citizens. George White, Zeke Royston and Bolla Maret, charged with shooting at church in Lowell, a few weeks ago. They gave bond of one hundred dollars each and went on their way rejoicing.

Jack Adams was kicked on the shoulder by a horse and was pretty badly hurt. He was out in the field where the hands were at work, his little boy, Charley, was riding behind him. Jack got off for something, the horse got scared and began to jump, he ran up to take Charley off and that gave the horse another scare, he then jumped and kicked with all vengeance and threw the little fellow clear over a rock fence, but fortunately he was not hurt.

It seems that people don't always sometimes practice what they preach. They cry out in thunder tones, "Patronize home institutions, do your trading with homefolks, and keep your money at home." Our attention was called to this recently by our merchants at Paint Lick sending out their flaming posters, scattering them here and there over the county, and telling the people of Garrard of their many bargains, and asking them for their patronage. After we got through reading the posters we cast our eye down and at the bottom of one was a Richmond imprint, and at the bottom of the other was the Mountain Echo imprint. Now, Mr. Merchants, do you think this is right? Ask the people of Garrard to patronize you, but you go off to neighboring towns to have your printing done. We have a first-class printing office in Lancaster, and they are prepared to do all kinds of printing there, and will do it as cheap as any body, and, further more, the office is run by Louis Landram, one of the cleverest boys in the county. Practice what you preach, and patronize homefolks.

## Springtime is Sick Time

It is impossible for the system to withstand the demands made upon it just at this season, without the assistance of a good purifying and strengthening tonic. The changes which Nature decrees shall take place each spring are so severe that a breakdown is almost sure to come. It is wise that all possible assistance be given during this period, as upon this purifying process depends the health for the entire summer. Everybody just now should take a thorough course of Swift's Specific

## S.S.S. For the Blood

which thoroughly cleanses the blood of all the accumulated impurities, tones up and strengthens the entire system, and aids Nature in renovating and renewing the body so as to render it healthy and strong. Those who purify their blood with S. S. S. at this season are well fortified against the many forms of disease so prevalent during the dreaded heated term, for it has been demonstrated that the system that is thoroughly purified in the spring is well prepared to resist disease all summer.

No other remedy on the market is equal to Swift's Specific as a spring medicine, because it is the only purely vegetable blood remedy and is guaranteed absolutely free from potash, mercury and all other minerals. It cleanses, purifies, builds up and strengthens. Insist on S. S. S., for there is nothing half as good.

### Death of Capt. Sam Harris.

The many friends and acquaintances  
of Capt. Sam B. Harris were great-  
ly shocked Friday morning when a  
telegram from Louisville announced  
his death. On the evening previous,  
his brother, Mr. E. W. Harris, was  
summoned to Louisville by the rather  
sudden illness, but before he arrived  
there Capt. Harris had breathed his  
last. He had been sick only since  
Tuesday, when he was compelled to  
call a physician to his residence at  
Fifth street Court place. The follow-  
ing morning he was removed to the  
Norton Infirmary, his condition hav-  
ing grown more serious. The remains  
were brought here Friday and the fol-  
lowing morning were laid to rest in  
the Lancaster Cemetery. He was a  
member of the Christian church, and  
Elder Gowen conducted a brief service  
at the grave.

Captain Harris was one of three  
sons of Elemeul Harris. The father,  
mother and other brother, Cash, died  
many years ago. The family always  
resided in Lancaster, except Captain  
Sam, who lived in Louisville since the  
sixties. He was born in Lancaster  
fifty-nine years ago. He was the first  
mail agent at Louisville under Lin-  
coln's first administration, being ap-  
pointed in 1861. During his first con-  
nection with the postal service he used  
to run out on every train from Louis-  
ville. In 1869 or 1870 he went into  
the Louisville postoffice as superin-  
tendent of mails. He remained in of-  
fice until 1887, when under Cleveland's  
first administration he was removed.  
Upon Harrison's inauguration Post-  
master Thompson took him back as  
superintendent of the registry division,  
and he was again removed when  
Mr. Charles P. Weaver became post-  
master. By good management he suc-  
ceeded in laying by a comfortable  
share of this world's goods. A more  
liberal hearted or true friend we never  
knew than was Capt. Harris. He  
was always ready to help those in dis-  
tress and may well be called "a man  
with his heart in his hand."

The remains were accompanied to  
Lancaster by postmaster T. H. Baker,  
ex-Chief Clerk of the Railway Mail  
Service, J. B. Jenks, Assistant Chief  
Clerk W. E. Greenaway and Post-office  
Clerks W. M. L. Ramsey and Frank  
Morton. The employees of the Louis-  
ville post-office also sent a large and  
beautiful floral design, as a slight to-  
ken of their high regard for the de-  
ceased.

At a called meeting of the National  
Association of Post Office clerks,  
Branch 80, held March 11th, it was  
unanimously—

Resolved, That, whereas, by the rul-  
ings of an Allwise Providence, our  
former companion and co-laborer,  
Samuel B. Harris, has been stricken  
from the roll of human existence and  
called to enter upon his eternal life, it  
is the wish and prayer of all of us that  
God will deal mercifully with his soul.

We, who were fortunate enough to  
know him intimately, can bear proof

of his sincere friendship for us and  
his fidelity to all his business resposi-  
bilities.

Resolved, further, That in his pre-  
mature death, we have lost an able  
counselor and true friend.

Resolved, That a copy of these resolu-  
tions be spread upon the minutes of  
our Association, a copy be sent to each  
of the city papers and CENTRAL REC-  
ORD, Lancaster, with a request to pub-  
lish. O. H. Beckmann, Chm., Wm.  
Bard, W. P. Ramsey, Committee on  
Resolutions.

What pleasure is there in life with a  
headache, constipation and bilious-  
ness? Thousands experience them  
who could become perfectly healthy  
by using DeWitt's Little Early Risers,  
the famous little pills. Stormes' Drug

### HUBBLE.

Mrs. El Owens has been on the sick  
list for several days.

E. J. Haley, of Somerset, bought of  
Col. Underwood a hornless yearling  
male calf for \$50 to be shipped to Mon-  
tana.

The pretty weather last week and  
this is being fully utilized by our far-  
mington community. Quite a number  
of gardens have been plowed and some  
planting done.

Mr. B. W. Wilmot collided with some  
one on the Lancaster and Danville pike  
the other night, and was thrown from  
his buggy, but not hurt much, the  
vehicle was somewhat damaged.

Maggie, a little eight-year-old  
daughter of James Wilmot, fell off of  
a mule she was riding last Friday eve-  
ning, and broke her right arm at the  
elbow. Physicians apprehend danger  
of it making her a cripple for life in  
that arm if it can be saved at all, the  
bone was driven through the soft  
part.

The Messrs. Peel, G. W. and F. R.,  
of Jessamine county, passed through  
our village Tuesday with 33 yearling  
cattle they had bought on the Stan-  
ford market Monday, also James T.  
Crutchfield with 19 calves, going to  
the same place. They report the mar-  
ket for all grades and shades of cattle  
good.

Miss Eliza Smith, of your city, is  
visiting Mrs. J. W. Bright and other  
friends here at present. L. S. Purdon  
and wife went to East Bernstadt,  
a few days ago to look out a location for  
the tansorial business. Mrs. Tom  
Walter's and little daughter, Bettie,  
accompanied by Mrs. W. G. Blackby,  
visited the families of Mr. Williams  
and Price Sutton, at McCroary last  
Saturday and Sunday. Mr. C. G. Gov-

nesday to Miss Smith, a daughter of  
Mr. Wm. Smith, a prominent farmer  
of the Beaver Creek section.

We are anxious to do a little good in  
this world and can think of no pleas-  
anter or better way to do it than by  
recommending One Minute Cough  
Cure as a preventive of pneumonia,  
consumption and other serious lung  
troubles that follow neglected colds

### "Spot" Norton Dead.

Many Lancaster people will regret  
to learn of the sudden death of J. Spot  
Norton, which occurred in Lexington  
several days ago. Norton has been  
here many times with theatrical  
troupes, his last appearance being  
with Dalton's minstrels. He was a  
fine comedian, as good a dancer and  
minstrel man. "Spot" was  
one of the light-hearted, congenial  
kind that it was always a pleasure to  
be with. One of the largest crowds  
seen at a Lexington funeral in many  
days, saw all that was mortal of the  
clever fellow consigned to the grave  
Sunday afternoon. Peace to his ashes.

Those who can spare the small  
amount should attend the launching  
of the Kentucky. It will be a benefit  
by way of witnessing an event of na-  
tional importance, and, beside, will  
rub some of the moss off the backs of  
those who, it seems, have slid down in  
a little 8x10 space to spend their re-  
maining days. If you have the oppor-  
tunity go somewhere and see some of  
the world.

The bladder was created for one pur-  
pose, namely, a receptacle for the  
urine, and as such it is not liable to  
any form of disease except by one of  
two ways. The first way is from im-  
perfect action of the kidneys. The sec-  
ond way is from careless local treat-  
ment of other diseases.
